MEMORANDUM

TO: All State Agency Directors

FROM: Governor Mike Huckabee

DATE: May 17, 2004

SUBJECT: Executive Policy Statement for Preparation of the 2005-2007

Biennial Budget Request

Each agency has developed its annual operations plan for the 2005 fiscal year. We must now prepare the budget requests for the 2005-2007 biennium.

The May 4, 2004 forecast revision for the current fiscal year keeps spending at \$3,526.0 million and funds all allocations of the Revenue Stabilization Law. The official forecast of net general revenue for the 2005 fiscal year is \$3,629.9 million, which also funds all allocations. Early predictions for the next biennium reflect growth at 3 percent or less. It is very likely that any growth we have for the 2005-2007 Biennial Budget, will not be sufficient to meet all anticipated needs. Federal funding over the next three years will be volatile at best as the federal government continues to deal with the war on terrorism and addresses the deficit.

New laws passed during the special session on education have dramatically changed the way state budgets will be funded in the future. Act 108 of the 2nd Extraordinary Session of 2003 provides for an Educational Adequacy Fund and establishes a funding priority for public education. Expected demands on the state budget will exceed available resources and this biennial budget cycle comes on the heels of significant tax increases to address education and the current budget. As you prepare budgets for the 2005-2007 biennium, I am asking that you prepare base level budgets only. Requests for additional funds should be made only under dire circumstance with an immediate impact on the health and safety of citizens. As in the past, I plan to provide for a payplan increase for state employees. Reallocation of existing resources can often address perceived needs within the base level.

Please keep the following in mind as you prepare your budget requests:

Agency Directors May 17, 2004 Page 2

- ➤ Pay close attention to your budget for information technology and the resources needed to address them. I have asked the Executive Chief Information Officer (ECIO) to work with you as we develop and implement the state's technology plan. I need your cooperation in this endeavor as I continue moving the state towards the benefits of e.government.
- ldentify programs in your agencies that are good candidates for elimination. Ask yourself, "If I knew all the state taxes I pay were going straight into this program's budget, would I feel like I was getting my money's worth?" A program can be eliminated if its services are no longer needed, if the funding level is so low as to be ineffective or if existing programs already meet the need. Seek better ways of addressing needs particularly where you can work with other state agencies to more efficiently administer a program.
- Finance new initiatives or mandates through internal reallocation of resources. We must use what we have more efficiently, not ask for more money. Taxpayers are burdened enough.
- Provision of a graduated COLA increase similar to the current biennium's, of 3% to 1.5% each year will be included in the Base Level request for each agency. For those of you with non-classified positions (Grade 99 and/or Grade 66), the same increase will be applicable. I may, however, make subsequent executive recommendations on Grade 99 and 66 positions. This continues my commitment to protect state employees from inflation. I ask that you make no reclassification or upgrade requests in your 2005-2007 biennial budget request unless absolutely necessary to maintain your agency's mission. The Career Ladder Incentive Program (CLIP) will continue to provide the means for rewarding employees for excellent work.
- Those agencies with programs funded from the Education Excellence Trust Fund and the Workforce 2000 Development Fund should be aware that I will continue to endorse the integrity of these funds in the budget presented to the Legislature in the fall. Growth in the Educational Excellence Fund should fall in the range mentioned above. Growth in the Workforce 2000 Development has unfortunately been trending downward in recent years. Budget requests should be made accordingly.

State Agency Directors May 17, 2004 Page 3

- Those agencies participating in performance budgeting will receive more detailed instructions from the DFA Office of Budget in preparing your biennial request. I want to emphasize my continued support of the Performance Budgeting and Accountability System (PBAS). Ten agencies are completing their first biennium under performance based budgets and an additional twenty-four will use performance budgeting for the 2005-2007 biennium.
- Estimates of available construction funding for the next biennium are extremely low. The current interest rate environment will continue to weaken the available funds for capital projects. Several significant mandatory debt obligations must continue to be funded from the General Improvement Fund, leaving the remainder in no way sufficient to meet the many needs. Our priorities should be maintaining and repairing what we have rather than embarking on new construction.

It is critically important that we present well-reasoned and supportable budget requests to the General Assembly this Fall. I hope each of you will be meticulous and timely in submitting your budget requests. Developing the state budget is an extremely complex undertaking. The deadlines must be met so that we can organize and pursue support of our overall program during the 85th General Assembly.

GENERAL INFORMATION

All agencies are required to prepare and submit two narratives to support the 2005-2007 Biennial Budget Request. These are the **Agency History and Organization and Agency Program Commentary.** The agency is also required to prepare an **Organizational Chart.** The Organization Chart must be submitted in **electronic format**. All three forms are due to the DFA – Office of Budget on September 3, 2004.

The DFA – Office of Budget Web site can be accessed for an electronic version of these instructions as well as all the forms necessary to complete your 2005-07 Biennial Budget Request. The Web site may also provide additional information regarding the budget process on occasion.

For this biennial budget cycle, the Office of Budget requests that care be taken in the use of the various forms to retain existing formatting such as font, font style, font size, other settings and attributes. The forms are intended for the Agency to just enter relevant data in the appropriate areas. All information will be transferred to PBAS. This information will be automated in PBAS for the 2007-2009 biennial budget cycle.

NARRATIVE INSTRUCTIONS

All agencies are required to prepare and submit two narratives to support the 2005-2007 Biennial Budget Request. These are the **Agency History and Organization and Agency Program Commentary**, both are due to the Office of Budget on September, 3, 2004. The agency is also required to prepare an **Organizational Chart**.

AGENCY HISTORY & ORGANZATION NARRATIVE

An Agency History and Organization narrative is to be submitted to the Office of Budget for presentation in the biennial budget manuals. The narrative has been automated and must be submitted as a Word document so the information can be easily transferred to PBAS. The narrative should include the following information:

- ⇒ **Enabling legislation** should include the current appropriation act(s) as well as citations of the various laws that authorize the agency's activities
- ⇒ **History and Organization** should include the agency's mission statement as well as a brief discussion of statutory responsibilities, primary activities and affiliation with any oversight and/or advisory Board or Commission
- ⇒ **Organizational Chart** should be prepared by the Agency and submitted in electronic format

AGENCY PROGRAM COMMENTARY

All agencies must submit an Agency Program Commentary. The Commentary should summarize and explain the major parts of an agency's 2005-2007 Biennial Budget Request. The explanation should clearly and concisely identify changes to programs requested by appropriation and funding source. This document provides decision makers the primary source of narrative information regarding an agency's justification and explanation of the Biennial Budget Request. The narrative must be submitted as a Word document so the information can be easily transferred to PBAS.

In the past, the Agency Director's signature in the "Director" block signified acknowledgement and approval of the Agency's Biennial Budget Request. For the 2005-2007 biennial budget cycle, the Agency Director will need to submit a letter indicating knowledge and approval of the final biennial budget request. For the 2007-2009 biennial budget cycle, this information will be automated and allow for on-line approval by the Agency Director.

DFA – OFFICE OF CHILD SUPPORT ENFORCEMENT

ENABLING LAWS

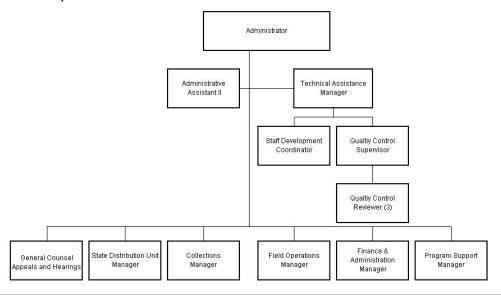

Act 1607 of 2003 AR Code §25-8-107

HISTORY AND ORGANIZATION

In 1975 the Social Security Act was amended by Congress to add part IV-D that established the Child Support Program. In order to receive federal funds for the Aid to Families with Dependent Children (AFDC) Program, each state had to establish and operate a child support program. The Arkansas program began in 1977. The mission of the program is to provide assistance to children and families in obtaining financial and medical support due them by requiring parents absent from the home to assume responsibility for the social and economic well-being of their children.

The program is responsible for locating parents, establishing paternity and orders for child and medical support, collecting and disbursing the support owed and bringing enforcement action when payments are not made. Workers assigned to the agency provide investigative and legal services on cases assigned to the agency, and provide the administrative and managerial support necessary for the organization to properly function. There are approximately 187,000 cases assigned. The cases originate in part from Transitional Employment Assistance (TEA), Medicaid and Foster Care cases referred by the Department of Human During the 2001 - 2003 Biennium, the Office of Child Support Services. Enforcement absorbed the Non-IV-D Wage Withholding cases, approximately 35,000 cases, from the County Clerks Offices around the State. Other cases are established as a result of citizens applying for service. The eligibility criteria for these cases require the custodian to have a minor child in his or her care. The program is authorized for 887 positions.

The Office of Child Support Enforcement (OCSE) is located within the Division of Revenue of the Department of Finance and Administration.

DFA – OFFICE OF CHILD SUPPORT ENFORCEMENT

AGENCY COMMENTARY

The Arkansas Office of Child Support Enforcement is responsible for locating absent parents, establishing paternity, establishing orders for child support, collecting, distributing the funds collected to the appropriate case and disbursing the child support funds, and enforcing payment of support orders. Funding for this appropriation consists of a combination of Federal reimbursement, fees for collection services, and the State Central Services Fund. Total Base Level for the agency is \$55,615,441 in FY04 and \$56,304,030 in FY05, with 887 positions authorized for each year. Base level includes a 2.7% payplan increase each year over FY03 Budgeted Levels, with a corresponding increase in matching amounts.

The agency seeks to restore 40 positions, currently authorized but not budgeted due to Personnel Cap Level restrictions. The Office of Child Support Enforcement needs these positions restored to their current authorized level to be able to maintain normal operations. With increased caseloads our number of positions filled continues to climb. Without these positions restored, there would be severe shortages of positions in both the Field Offices and the State Disbursement Unit, which have required more positions due to our increased caseload. The request to restore these 40 positions will be an "appropriation only" request as the positions are currently authorized and covered under existing funding.

The agency also requests to 1) restore \$100,000 of appropriation to our Capital Outlay line item each year. This amount of Capital Outlay is authorized in the current Biennium and is needed in each year of the upcoming Biennium to replace equipment that is beyond repair, equipment that becomes obsolete or equipment that is too expensive to maintain. This request is also "appropriation only" as the current level of funding covers this amount of Capital Outlay in each year of this Biennium and in the Base Level in both years of the upcoming Biennium; 2) the last part of this request is to increase our M&O line item by \$3,000,000 each year of the Biennium and decrease our DP Services Line Item by \$3,000,000 in each year of the Biennium. This part of the request is funding and appropriation "neutral". We make this request due to increased M&O spending with increased caseload and decreased spending in DP Services due to efficiencies covered in our Information Technology Plan for the Biennium.

The Office of Child Support Enforcement requests a reclassification of a Receptionist position (Grade 10) to an Attorney position (Grade 24) in order to better utilize this position. The Receptionist position hasn't been used in some time and the Field Staff is in need of the additional Attorney position to help work with the caseload increase that the Office of Child Support Enforcement has experienced in this Biennium. The request for this reclassification is an "appropriation only" request and will be absorbed into our base funding level in the upcoming Biennium.

STATE AGENCY PUBLICATIONS FORM INSTRUCTIONS

A.C.A. §25-1-204 requires a reduction in the number of unsolicited publications prepared, published and distributed by state agencies. Each agency (excluding Institutions of Higher Education) must submit with the annual budget request, a list of state publications, which are required by statutory law and provide the reason(s) for continuation and distribution of the required reports.

The State Agency Publications Form has been automated in PBAS. Information will already be in the system for those agencies that were required to submit the form with their FY05 Annual Operations Plan. Modifications in the information should be coordinated with the Budget Analyst assigned to assist the agency.

SPECIAL LANGUAGE INSTRUCTIONS

Special Language that provides special authorization or limitations to an agency's fiscal and/or program operations is typically found within an agency's appropriation act. A copy of current Special Language found in the 2003 appropriation acts will be provided to the agency. PBB agencies are encouraged to check current special language for transfer authority between line items, as it is no longer needed.

The Special Language form has been redesigned to reflect current language as well as the agency request in the first column. The agency will request changes to current language in the same "marked-up" format used by the General Assembly in its session bills. The second column will show the Executive Recommendation.

A blank form is available on the DFA - Office of Budget web site or from the Office of Budget for any new language that may be contemplated to complete an agency's fiscal needs for the 2005-2007 biennium. Requests for new language will be shown in the first column and should be <u>underscored</u> in keeping with the "marked-up" format. Text to be deleted must be in strikeout format.

An example of marked-up style is attached. Guidelines adopted are as follows:

- 1. If no change is desired, the language should show no "mark-up" (i.e. exactly as received from the Office of Budget).
- 2. If the language is to be discontinued, strike though the language in the first column.
- 3. If a change is desired, <u>underscore the changes/additions</u> and <u>strike through the deletions</u> in the first column.
- 4. If the language has been codified, insert "LANGUAGE IS CODIFIED IN A.C.A. -----(include actual code cite)" at the top of the first column above the current language.
- 5. If the language has been codified, but a CHANGE is requested, insert "THIS LANGUAGE IS CODIFIED IN A.C.A. ------(include actual code cite); HOWEVER, THE FOLLOWING CHANGE IS REQUESTED at the top of the first column; Make the requested changes in the first column with NEW LANGUAGE BEING UNDERSCORED and Text to be deleted in strikeout format.

All Special Language requests are due to the Office of Budget by July 12, 2004.
